EMC Information

FEDERAL COMMUNICATIONS COMMISSION INTERFERENCE STATEMENT:
This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Warning: Operation of this equipment in a residential environment could cause radio interference.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) this device mat not cause harmful interference, and(2) this device must accept any interference received, including interference that may cause undesired operation.

Important. Before proceeding, download the *Installation and Operation Manual* by visiting the website, www.aten.com and navigating to the product page. The manual includes important warnings, loading specifications and grounding instructions.

이 기기는 업무용(A급) 전자파적합기기로서 판매자 또는 사용자는 이 점을 주의하시기 바라며, 가정외의 지역에서 사용하는 것을 목적으로 합니다.

Side View

- 1 iPad Link Port (Data only)
- 2 3.5mm Audio Monitor Jack

System Requirements

- Ethernet connection
- iPad Pro (3rd gen) with iOS 11 or later
- The following iPad with iOS 11 or later
 - iPad Pro (1st gen)
 - iPad Pro (1st gen)
 - iPad Pro (2nd gen)
 - iPad Pro (2nd gen)
 - iPad (5th gen)
 - iPad (6th gen)
 - iPad Air (3rd gen)
 - iPad Mini (5th gen)

B Hardware Installation

- 1 Plug the AC power cord and wait for the device boot-up luminous sequence (Scenes Key) finished.

- 3 Connect the microphone or any other audio source respectively.

- 5 Connect an Ethernet cable here for internet access. Need additional network setting via iPad before you click GO LIVE Button for live streaming.

- 2 Connect the HDMI video source here.

- 4 (Optional) Connect the HDMI Output cable if necessary:
A. Connect the HDMI display to the SRC/PGM Output Port.
B. Connect the HDMI display to the Loop Out Port.

- 6 Connect your iPad to the iPad Link Port for control purpose. *

***Note:** For iPad with USB-C connector, simply connect the USB-A to USB-C cable to the UC9020. Or use the USB-A to USB-A cable along with an Apple Lightning USB 3 Adapter (not included, may need additional purchase) to iPad with the lightning connector.

Software Installation

Download the ATEN OnAir App from the App Store and install on the iPad .

Note: ATEN OnAir App is a control panel designed for UC9020 to monitor program results, editing scenes, and make changes to streaming settings.

Click to open the ATEN OnAir App and the Tutorial will be prompted for the first time when you open the ATEN OnAir App. This tutorial will guide you through the process of how to operate the ATEN OnAir App with UC9020.

To run the Tutorial again, click on the Menu  on the top left corner and select  Tutorial.

Operation

AUDIO

Make audio adjustment by choosing different audio source and use to Volume Control to adjust.

STREAMING

SRC/PGM Pushbutton, press it to switch between Sources or Program video contents to be displayed.
Press the GO LIVE pushbutton to live stream your video content, and press  to pause.

SCENES

Choose different scenes to be displayed, when the red LED appears, it means current scene is being displayed, and the green LED means it is in PGM mode.

TRANSITIONS

Use the T-bar to adjust the transitions, press AUTO and CUT to switch video and audio contents.
