

TABLES AND CHAIRS

KING OF SPEED

DESCRIPTION

Thanks to the solid steel construction, the cockpit brings you a whole new level of comfort. Pre-drilled mounting points provide compatibility with most major wheel and pedal brands including: Logitech, Fanatec, Thrustmaster and more. The comfortable reclining seat offers smooth forward and back glide of 180mm (7.1 inch) providing legroom. An easy-grip crank handle allows the seat to be adjusted from 30° to 90° for the best driving position
