## Laptop Travel Backpack - For a Better, More Organized Commute or Journey

The Manhattan Rome Notebook Travel Backpack has all the right storage spots in all the right places. Bring along your computer, accessories, a change of clothes, shoes and toiletries to get where you’re going with the crucial elements you’ll need when you get there. This Travel Backpack makes an excellent carry-on since it adheres to international luggage size restrictions and fits into all overhead bins.

### Internal Organization

This travel-friendly backpack features a clamshell opening that lays flat so you can pack and unpack your things easier. Its two zippered sections open to the main and laptop compartments for quick access to important items and to help you make it through security checkpoints with less struggle. The large internal compartments are designed to fit and protect your electronics and personal items, with padded sleeves to fit most laptops up to 17.3" laptop and most tablets up to 11". A zippered mesh accessory pocket in the main compartment lid is great for magazines, files and small items. We include one each of large, medium and small zippered clamshell cases to help you stay organized and keep accessories and sundries separate. The bottom of the backpack is padded to help keep your items protected while you’re on the go.

## Durable, Helpful Outer Construction

This travel bag is water-repellent and features sturdy outer material to protect against external threats like liquids and bad weather. The backpack's adjustable, non-slip shoulder straps offer confidence that your contents will make it to your destination with you. These straps can also be hidden in pockets to make the backpack more streamlined. But if you plan on using the shoulder straps, you can use their storage space to pack smaller items. If you want to carry the backpack like a duffle bag, it includes reinforced carry handles at the top and side. A large zippered front pocket is great for packing portable power banks and chargers, pens and the other accessories you want at your fingertips. An adjustable zippered mesh pocket lets you carry a canteen/water bottle, umbrella or coffee mug so your hands can carry other things or hold on for the ride.
