Hi-Speed USB 2.0 Automatic Sharing Switch

1x2 Ports, Dual Control, Auto-Sensing USB 2.0 Type-A to Type-B Switch
Part No.: 162005

Easily connect and share a USB peripheral.
The Manhattan Hi-Speed USB 2.0 Automatic Sharing Switch easily allows two computers to share a USB device. It's ideal for home and office use where users need to share a USB cable modem, printer, digital camera, scanner, external storage drive or other peripheral. Use the convenient access-on-demand switching for activation with a single click of an onscreen button, or use on-board switches to manually select an active computer.

Quick and Easy Installation
Plug-and-play installation is easy with Windows systems. The Manhattan Hi-Speed USB 2.0 Automatic Sharing Switch requires no special drivers or external power supply. Connect using the included USB cables for fast access to popular devices.

Features:

- Share a single USB device between two computers
- Individual toggle switches select USB devices for each computer
- Supports idle time-out switching
- Easy-to-read onboard and onscreen LED indicators monitor status
- Overcurrent protection and hot-swappable
- Compatible with all USB-equipped computers
- Plug and play; Windows compatible; requires no external power supply
- Three-Year Warranty
